Power of culture

MassDevelopment and the Mass Cultural Council are pleased to submit the 15th annual report on activities of the Massachusetts Cultural Facilities Fund (CFF), as required by Chapter 123 of the Acts of 2006, *An Act Relative to Economic Investments in the Commonwealth to Promote Job Creation, Economic Stability, and Competitiveness in the Massachusetts Economy*.

This report presents the Fund's financial statements and chronicles Cultural Facilities Fund grants as of June 30, 2022.

In FY 2022, we were pleased to jointly announce 127 grants totaling \$14.4 million awarded to municipal and nonprofit cultural organizations across Massachusetts. This latest round of grants comes from a \$50 million bond authorization approved by the Legislature, as well as an additional \$5,568,500 made available for contribution by Mass Cultural Council to the Cultural Facilities Fund under Section 2A, Line Item 1599-2043 of Chapter 102 of the Acts of 2021, Act Relative to Immediate COVID-19 Recovery Needs.

In a comprehensive survey conducted by the Mass Cultural Council in 2022, 81 Cultural Facilities Fund grantees reported:

- 2,957 full-time jobs and \$341 million in wages and salaries at organizations in the current round of funding.
- 35,444 architects, engineers, contractors, and construction workers employed on Cultural Facilities Fund projects over all rounds of funding.
- 2,992 new permanent jobs projected in Massachusetts as a result of Cultural Facilities Fund projects over all rounds of funding.
- 314 cultural organizations reported plans to proceed with \$1.2 billion in capital projects over the next two to three years.

We thank you for entrusting MassDevelopment and the Mass Cultural Council with this landmark program. Together we pledge our continued commitment to making the Cultural Facilities Fund a cultural and economic development success.

Sincerely,

Dan Rivera
President and CEO, MassDevelopment
Chairman, Cultural Facilities Fund Advisory Committee

Member, Cultural Facilities Fund Advisory Committee

Background

In July 2006, the Massachusetts Legislature created the Massachusetts Cultural Facilities Fund (CFF) through Chapter 123 of the Acts of 2006, *An Act Relative to Economic Investments in the Commonwealth to Promote Job Creation, Economic Stability, and Competitiveness in the Massachusetts Economy*. The Legislature created a partnership between MassDevelopment and the Mass Cultural Council to accomplish the following goals:

- Enhance the state's creative economy by partially financing the acquisition, construction, expansion, renovation, and repair of cultural facilities.
- Stimulate further investment in the arts, heritage, entertainment, humanities, and interpretive sciences by preserving cultural resources.
- Increase employment, entrepreneurialism, and tourism to the regions where these facilities are located, including tourism from outside the Commonwealth.

Cultural Facilities Fund Advisory Committee

The statute established a Cultural Facilities Fund Advisory Committee to guide MassDevelopment and the Mass Cultural Council in the design and implementation of this program. The Committee is charged with providing advice on the management and operation of the Fund, reviewing grant recommendations from the Mass Cultural Council, and voting to recommend the grants it approves to the MassDevelopment Board of Directors, which authorizes CFF grants. MassDevelopment then administers and disburses all CFF grants.

The Advisory Committee includes six gubernatorial appointees with expertise in fundraising, finance, and construction,

representing six different geographic regions of the Commonwealth: Central, Greater Boston, MetroWest, North, South, and West. Also serving on the Committee, as designated by the statute, are the executive directors of the Mass Cultural Council, the Massachusetts Office of Travel and Tourism, and the President and CEO of MassDevelopment.

As of June 30, 2022, the members of the Advisory Committee are: John Stowe, Worcester; Margaret Miller, Pittsfield; Michael Halperson, Boston; Jennifer Harrington, Boston; Michael J. Bobbitt, Executive Director, Mass Cultural Council; Keiko M. Orrall, Executive Director, Massachusetts Office of Travel and Tourism; and Dan Rivera, President and CEO, MassDevelopment.

Arts & Business Council of Greater Boston

“Western Avenue in Lowell is one of the largest artists live-work spaces in the country, and the community is a regional economic development engine and cultural asset. With the purchase of the building, we will continue to preserve and protect a vibrant community of artists by offering them access to affordable spaces for them to hone their respective crafts.”

— Jim Grace, Executive Director

Fund Activity to Date

Rounds 1-14: Fiscal Years 2007-2022

To date, 1,289 grants totaling \$152 million have been approved. There are two types of grants: capital grants total \$145 million and feasibility grants total \$7 million.

State appropriations totaling \$155.5 million from FY 2007 to FY 2022 have supported the grant awards, with an additional \$5.5 million of Pandemic Relief Funds as noted below:

- \$13 million from the economic stimulus bill of July 2006
- \$5 million from the FY 2008 state budget approved in July 2007
- \$7 million from a supplemental appropriation approved in October 2007
- \$6.5 million from the FY 2009 state budget approved in July 2008
- \$7 million from the FY 2009 capital bond appropriation approved in April 2009
- \$7 million from the FY 2011 capital bond appropriation approved in November 2010
- \$5 million from the FY 2012 capital bond appropriation approved in November 2011
- \$5 million from the FY 2013 capital bond appropriation approved in October 2012
- \$15 million from the FY 2014 capital bond appropriation approved in November 2013
- \$15 million from the FY 2015 capital bond appropriation approved in July 2014
- \$10 million from the FY 2016 capital bond appropriation approved in June 2015
- \$10 million from the FY 2017 capital bond appropriation approved in June 2016
- \$10 million from the FY 2018 capital bond appropriation approved in June 2017
- \$10 million from the FY 2019 capital bond appropriation approved in June 2018
- \$10 million from the FY 2020 capital bond appropriation approved in June 2019
- \$10 million from the FY 2021 capital bond appropriation approved in June 2020
- \$10 million from the FY 2022 capital bond appropriation approved in June 2021
- \$5.5 million from Mass Cultural funding receipt of Pandemic Relief Funds pursuant to Chapter 102 of the Acts of 2021 in May 2022

A list of the FY 2022 round of grants appears in Appendix A; a geographic and organizational distribution of the grants appears in Appendix B.

The Cannon Theatre, Devens

“The new Cannon Theatre required a complete interior renovation in order to be able to open back up for in-person productions and live audiences. The CFF made our construction project possible; we could not have done as thorough a job without those funds.”

Executive Board Member***

FY 2022 Timeline

June 2021

Governor Charlie Baker approved a FY 2022 capital appropriation of \$10 million to the Cultural Facilities Fund. The Legislature approved a \$50 million bond authorization to make this appropriation possible.

November 2021

The Mass Cultural Council recorded a webinar to explain the guidelines and application process for interested applicants.

March 2022

Five Cultural Facilities Fund review panels convened over Zoom in early March. The panels included professionals with expertise in real estate development, historic preservation, community economic development, cultural tourism, real estate finance, facility operations, and nonprofit fundraising. The panels rated each application according to the review criteria published in the Cultural Facilities Fund guidelines.

May 2022

The FY 2022 round of Cultural Facilities Fund grants were announced via press releases and legislative notifications.

September 2021

On September 15, the Cultural Facilities Fund Advisory Committee approved two measures: 1) guidelines and applications for the FY 2022 grant cycle and 2) funding of 12 FY 2022 capital grants totaling \$1.2 million from the FY 2021 pool of applicants. The MassDevelopment Board of Directors approved these measures on October 20 and the FY 2022 application was released publicly.

January 2022

The deadline for FY 2022 applications was January 14. A total of 141 organizations from every region in the Commonwealth submitted requests for \$22.1 million in grants to support capital projects totaling \$260 million.

April 2022

The Cultural Facilities Fund Advisory Committee met to review the panel's work on April 27 and their recommendations were presented to the MassDevelopment Board of Directors on May 12. This resulted in 115 approved grants totaling \$13,151,500.

Leveraging Additional Investment

Cultural Facilities Fund grantees are required to raise a minimum dollar-for-dollar match from sources other than the Commonwealth, though most grantees raise more than their matching grant goal. From FY 2007 to FY 2022, Cultural Facilities Fund grantees funded and financed a total of \$2.6 billion to implement their respective capital projects.

Economic Impact

To assess the impact of Cultural Facilities Fund grant dollars on the economy, the Mass Cultural Council surveys all organizations that receive grants from the Fund. The survey findings highlight the important role of these organizations to the Massachusetts economy. For example, 81 recent grantees reported that they employ 2,957 full-time equivalent employees and paid \$341 million in annual wages and salaries.

The Cultural Facilities Fund also supports thousands of construction jobs. Projects funded between FY 2007 and FY 2022 employed 35,444 architects, engineers, contractors, and construction workers statewide. In addition, 2,992 new jobs have been projected at cultural facilities in Massachusetts because of these projects.

Future Demand

The Mass Cultural Council also surveyed capital projects in the state's cultural sector that are in the planning stages. In November 2022, 314 organizations reported their pipeline of facilities projects over the next two to three years totals \$1.2 billion. This includes \$551 million in renovation projects, \$589 million in new construction projects, and \$61 million in real estate acquisition.

Cape Cod Museum of Art, Dennis

“The CFF provides funding to support important and necessary replacement and updated building capital expenditures. Without the knowledge and support of CFF funding, we would not be able to afford the significant cost to replace or upgrade our aging building infrastructure and protect our permanent collection.”

The Eric Carle Museum of Picture Book Art, Amherst

"The CFF provides funding for the crucial maintenance and infrastructure projects that may be less appealing to donors but are so vital to our institution and the safety of visitors and staff. These are projects that are difficult to raise funds for. Being able to leverage CFF funds makes all the difference!"

— *Alexandra de Montrichard,*
Director of Operations

Greenfield Community College

“The Sloan Theater is a critical arts resource for Franklin County, the most rural and one of the poorest counties in Massachusetts, with about 50 percent of all tickets given at no cost to GCC students and the community. Support provided by the CFF has been critical in upgrading the modernity of the space, including lighting and sound systems along with flexible seating, allowing for maximum creativity for actors and directors.”

— *Keith E. Bailey, Director of Grants and Government Relations*

New Bedford Port Society

“The Cultural Facilities Fund is very important to our local cultural organizations because it is a major source of funding for them and some organizations are limited as to what they can apply for. This funding is broad and gives so much support to all local organizations throughout the state.”

— *Kimberly Aubut, Operations Manager*

Town of Harvard

“The CFF enabled us to replace a 150-year old-roof of a municipal building leased to Fivesparks, a fledgling organization which has established itself as a cultural center for the community as a whole.”

— Marie Sobalvarro, Assistant Town Administrator

The Worcester Center for Arts

“The CFF is of major importance to us. As a very old organization, with a 75-year-old building, there are always facility expenses that earned income just can't cover. Funds needed to keep our facility updated and well maintained are not always available. CFF provides us with what we need to keep our facility running. Many funders favor programming and while very important, it is harder to find funds for the less glamorous needs. We are extremely grateful for the CFF.”

— Elaine McKenna-Yeaw, Executive Director
