COVID-19 Relief Fund for Individuals Funding List

Mass Cultural Council received more than 1,800 applications to the COVID-19 Relief Fund for Individuals. As stated in the [program guidelines](#), we allocated grants to six different regions in Massachusetts and made grant selections through a **randomized selection process**, much like a lottery drawing.

A total of \$272,000 was awarded to creative professionals statewide, including \$47,000 generously donated by the [New England Foundation for the Arts](#) (NEFA). Mass Cultural Council had enough resources to fund 14% of the applications received from each of the six regions.

Mass Cultural Council is actively seeking and accepting funding from other sources to support this program. If additional resources become available, Mass Cultural Council will use the randomized selection process on the existing unfunded applications to make additional awards.
