Procedure for dealing with conflicts of interest on Mass Cultural Council grant votes.

Prior to any Council or Grants Committee meeting, staff will compile a list of conflicts of interest by identifying any potential recipient of council funds to be voted on at that meeting to which any Council member has an identified connection. Unless a Council member indicates otherwise, it is assumed that the Council member will abstain from all discussion and any vote regarding such grantee.

A document listing these possible conflicts of interest (the "conflicts list") will be distributed to the board at the beginning of the meeting.

After presentation of grant recommendations for a particular program, before a motion for vote, the chair should refer to the list and 1) ask the members present if the conflicts list is accurate and if the members identified will abstain from votes and discussion for the relevant organizations as identified on the conflicts list and 2) ask if any other conflicts exist which should be added to the conflicts list.

After dealing with any necessary corrections or additions, the chair will then ask for a motion approving the grant/allocation recommendations noting that the Council members noted on the conflict list will abstain from discussion and votes for certain organizations in accordance with the conflicts list. It will not be necessary for any member with a conflict to leave the room as long as such member does not participate in any decision regarding the affected organization and it is specifically noted in the minutes that such member abstained from all discussion and votes regarding the specified organization.

Sample script for a meeting vote:

CHAIR: We will now consider votes approving the FY25 grant recommendations. Please note the conflicts list that has been distributed. Staff members have compiled these lists to identify members that have a real or potential conflict of interest in connection with this vote. Please indicate 1) if there are any inaccuracies on the list or 2) if any additional conflicts need to be disclosed.

[If any corrections or additions are noted by board members, the conflicts list will be amended at this time]

Noting the abstentions disclosed on the *[corrected]* conflicts list, the chair now calls for a motion to approve the grants recommendations for this program.

Then, upon motion duly and made and seconded, with the abstentions noted above, it was

VOTED: ...]"

In the minutes recording this vote, the following will be included

[Council Member X] disclosed that s/he would abstain from any discussion or vote regarding the provision of a grant or other assistance to {list affiliated organizations}

Award Assignments for Portfolio and Operating Grants for Organizations Grantees

Grantees' award assignments are determined through the following process:

1. Determine available resources for Organizations, as approved in the annual Spending Plan.
2. Determine budget size for each Portfolio organization.
 - The current model calculates budget size as the mean of the three most recent years of cash expenses, previously based on data self-reported in DataArts. In FY24, recognizing the burden that completing the DataArts report has put on organizations, we discontinued the DataArts requirement, and we now require that organizations provide their most recent 990/990EZ nonprofit organization tax statement. For some organizations, there are additional elements reflected in the Formula Expenses. (See Cash Expense Adjustments chart below.)
 - For the purposes of the award assignments, organizations with budgets of \$10 million and above are treated as equal.
3. Apply maximum and minimum grant amounts for the grantees, and a maximum grant amount for Cultural Affiliates.
 - The maximum grant is \$55,000 and the minimum grant is \$6,000
 - The maximum grant will be \$18,300 for Cultural Affiliates, with a limit to any single parent organization of more than one Cultural Affiliate set at \$55,000.
4. Run budget-based formula incorporating the above maximum and minimum grant amounts. Under this formula, larger organizations receive larger grants, but smaller organizations receive larger percentages of their operating budgets from the Mass Cultural Council.
5. Assign Equity Impact Points to increase the grant awards to organizations in historically under-resourced communities or identified in the Financial Health Analysis.
6. Identify and adjust groups that had annual reporting compliance issues.
 - Organizations that did not meet the annual reporting requirements by **June 3, 2025**, will have their FY25 grant amount reduced by 25%. Ten organizations missed the June 3, 2025.
 - Any organization remaining non-compliant with the annual reporting requirements after **June 10, 2025**, will be ineligible for a FY25 Cultural Investment Portfolio grant. Three organizations missed the June 10, 2025.

Cash Expense Adjustments

To ensure that each grantee's formula expenses are the most representative of actual history, we make adjustments as needed. The most typical adjustments are the removal of pass-through funds, or the removal of a non-12-month fiscal

year from the formula calculations. The cash expense adjustments applied for FY26 grants are as follows:

Suspensions and Deletions for FY26

All recommendations are based on clearly stated guidelines and expectations for each category, as well as terms stated in each organization's annual grant contract package.

Organization	Reason
Science & Engineering Education Development	Deleted/Ceased operations at the end of FY25
Enchanted Circle Theatre	Suspended for a second year as they have paused programming for FY25 and FY26.

Organizations below minimum Cash Expenses of \$50,000

According to the Portfolio guidelines, organizations are required to have a minimum 3-year average of Cash Expenses of \$50,000 to be eligible for Portfolio grants, and organizations that fall below the minimum are suspended and do not receive a grant. We recognize that the reduced ability of many organizations to conduct their regular programming during the pandemic would drop some organizations below the minimum. It was determined that if an organization dropped below the minimum due to their FY20 and/or FY21 financials reports, they would not be suspended.

There are no organizations that have fallen below the 3-year minimum cash expenses of \$50,000.

Reinstated Suspended Organizations

Organizations that were suspended for FY25 due to falling below the minimum cash expenses but that have since established cash expenses that meet the minimum of \$50,000 with their FY24 990 are reinstated and are eligible for an FY26 grant. There are two organizations that meet this situation.

Organization	Reason
Martha's Vineyard Chamber Music Society	Reinstated because organization has met the minimum cash expenses required for grant program eligibility.
Symphony By the Sea	Reinstated because organization has met the minimum cash expenses required for grant program eligibility.

Holds

Organizations that were required to provide the 990 for their FY24 had the option of requesting approval for a delay in reporting if they could provide alternative documentation. These organizations have a hold on their grant contract, pending completing the reporting requirement. The contract will be released when they provide their FY24 990 and the financial information is compared to the internal reporting that they provided. Grant amounts may be decreased if the 990 doesn't support the grant calculation.
