Appendix B - Operating Support for Organizations

Additional Information

Award Assignments for Portfolio and Operating Grants for Organizations Grantees

Grantees' award assignments are determined through the following process:

1. Determine available resources for Organizations, as approved in the annual Spending Plan.
2. Determine formula expenses for each Portfolio or Operating Grants for Organizations grantee.
 - The current model calculates budget size as the mean of the three most recent years of expenses. We require that organizations provide their most recent 990/990EZ nonprofit organization tax statement with their applications and Annual Reports. For some organizations, there are additional elements reflected in the Formula Expenses. (See Cash Expense Adjustments chart below.)
 - For the purposes of the award assignments, organizations with budgets of \$10 million and above are treated as equal.
3. Apply maximum and minimum grant amounts for the grantees, and a maximum grant amount for Cultural Affiliates.
 - The maximum grant is \$55,000, and the minimum grant is \$6,000.
 - The maximum grant will be \$18,300 for Cultural Affiliates, with a limit to any single parent organization of more than one Cultural Affiliate set at \$55,000.
4. Run budget-based formula incorporating the above maximum and minimum grant amounts. Under this formula, larger organizations receive larger grants, but smaller organizations receive larger percentages of their operating budgets from the Mass Cultural Council.
5. Assign Equity Impact Points to increase the grant awards to organizations in historically under-resourced communities or identified in the Financial Health Analysis.

6. Identify and adjust groups that had annual reporting compliance issues.
 - Organizations that did not meet the annual reporting requirements by **June 2, 2026**, will have their FY25 grant amount reduced by 25%. Sixteen organizations missed the June 2, 2026, deadline.
 - Any organization remaining non-compliant with the annual reporting requirements after **June 10, 2026**, will be ineligible for a FY25 Cultural Investment Portfolio grant. No organizations missed the June 10, 2026, deadline.

Cash Expense Adjustments

To ensure that each grantee's formula expenses are the most representative of actual history, we make adjustments as needed. The most typical adjustments are the removal of pass-through funds, or the removal of a non-12 month fiscal year from the formula calculations. In some cases, we change the fiscal years that the organization is reporting on, as their fiscal year dates have made it very difficult to meet the reporting deadlines. The cash expense adjustments applied for FY27 grants are as follows:

Table 1 List of Organizations and Formula Adjustments

Suspensions and Deletions for FY27

All recommendations are based on clearly stated guidelines and expectations for each category, as well as terms stated in each organization's annual grant contract package.

Table 3 List of Deletions

Organization	Reason
Boston Opera Collaborative	Deleted/Ceased operations at the end of 2025
The William Joiner Institute	Deleted: No longer meets eligibility criteria for this program as a Cultural Affiliate
Salamander	Deleted: No longer meets eligibility criteria for this program as a Cultural Affiliate
From the Top	Deleted: No longer meets eligibility criteria for this program as they have moved out of state

Organizations below minimum Cash Expenses of \$50,000

According to the Operating Grants/Portfolio guidelines, organizations are required to have a minimum 3-year average of Cash Expenses of \$50,000 to be eligible for Portfolio grants, and organizations that fall below the minimum are suspended and do not receive a grant.

Table 4 List of Suspension

Organization	Reason
Spinner Publications	Suspended: No longer meets eligibility criteria for this program as they have dropped below \$50,000 in formula expenses
Nolumbeka Project	Suspended: No longer meets eligibility criteria for this program as they have dropped below \$50,000 in formula expenses. Grantee can be reinstated if formula expenses increase in the following year.

Reinstated Suspended Organizations

Organizations that were suspended for FY25 due to missing reporting deadlines for the Annual Report and have met the requirements for reinstatement are eligible for an FY27 grant. There is one organization that meets this situation:

- The Arts and Business Council of Greater Boston
 - **Reason:** Reinstated because organization has met the reporting requirements.

Operating Support grantees moving to YouthReach

Organizations are only allowed to receive one grant from the multi-year support programs. This means that organizations that are grantees from Operating Grants for Organizations (OGO) or the Cultural Investment Portfolio (CIP) and that applied to FY27 YouthReach could only receive either YouthReach, or OGO/CIP. Organizations opted for the program that provided them with the best multi-year benefit.

The following OGO/CIP organizations have been removed from operating support because they will be receiving YouthReach starting in FY27:

Addition of one-year grantees to Operating Grants for Organizations

Since twenty-eight organizations will move from OGO/CIP to YouthReach, we recommend that twenty-eight organizations that applied to OGO for FY26 should be offered one-year contracts from the Operating Grants for Organizations program. This will provide support for additional organizations and will minimize the impact to grant calculations in the formula-based programs. The organizations that were selected were the next highest scoring applicants. They will be eligible to apply for multi-year support in the next application cycle for Operating Grants in 2027. These organizations and their calculated grant amounts are included in the list of formula-based grants.

Addition of One-year grantees supported by increase in program allocation

The FY27 Spending Plan includes an increase of \$150,000 to the allocation for the formula-based programs. We recommend that this allocation be used to add ten additional one-year grantees to the formula-based grants. The organizations that were selected were the next highest scoring applicants, following the organizations that are proposed for replacing the grantees that moved to YouthReach.

1. Art Museum New Bedford, Inc.

2. Chorus Pro Musica, Inc.
3. Historical Society of Old Newbury

Holds

Organizations that were required to provide the 990 for their FY25 had the option of requesting approval for a delay in reporting if they could provide alternative documentation. These organizations have a hold on their grant contract, pending completing the reporting requirement. The contract will be released when they provide their FY25 990 and the financial information is compared to the internal reporting that they provided. Grant amounts may be decreased if the 990 doesn't support the grant calculation.

Other Holds

Organizations that are going through transitions and have notified us that they are considering significant changes to their operations, or possibly ceasing operations, have a hold on their grant pending their notification to us about their plans for FY27 programming. If they notify us that they plan to continue operations that are consistent with the published guidelines, the 'hold' will be lifted, and the grant contract will be issued.
