

Creative Economy State Profiles

The Arts and Cultural Production Satellite Account (ACPSA) was developed through a partnership between the National Endowment for the Arts and the U.S. Bureau of Economic Analysis. This printed version is based on an interactive dashboard exploring ACPSA data for every state. Explore the dashboard at nasaa-arts.org/nasaa_research/creative-economy-state-profiles/

State Arts and Cultural Production 2021

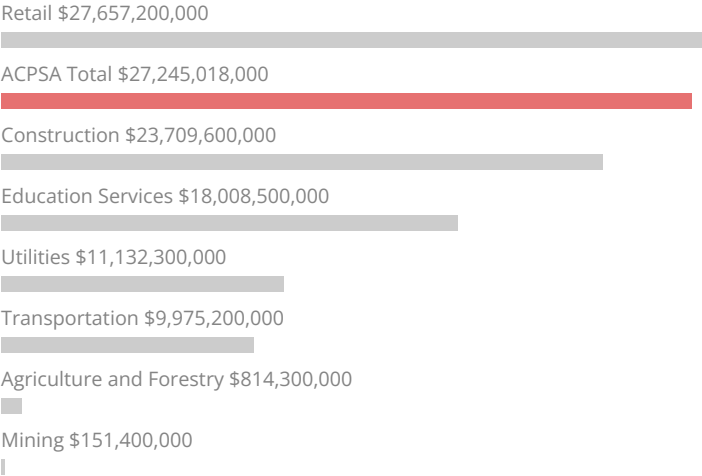

Massachusetts

The U.S. Bureau of Economic Analysis reports that arts and cultural production accounts for \$27,245,018,000 and 4.2% of the Massachusetts economy, contributing 135,181 jobs.

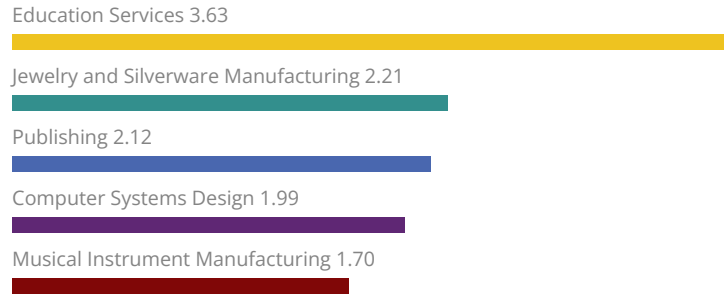

Total Value Added	\$27,245,018,000
Arts and Cultural Share of Total Gross State Product (GSP)	4.2%
Core Arts and Cultural Production	\$5,962,756,000
Supporting Arts and Cultural Production	\$20,641,978,000

Comparing Arts and Culture to Other Sectors of the Economy

Arts and cultural Value Added in Massachusetts ranked 2nd among the comparison sectors. Comparison industries are selected industry categories using the North American Industry Classification System (NAICS) drawn from BEA's 2021 state level data for employment (full-time and part-time workers), compensation and value added by industry. The comparisons are not mutually exclusive—arts and culture includes, for example, portions of other sectors such as construction and retail trade.

Arts and Cultural Industries

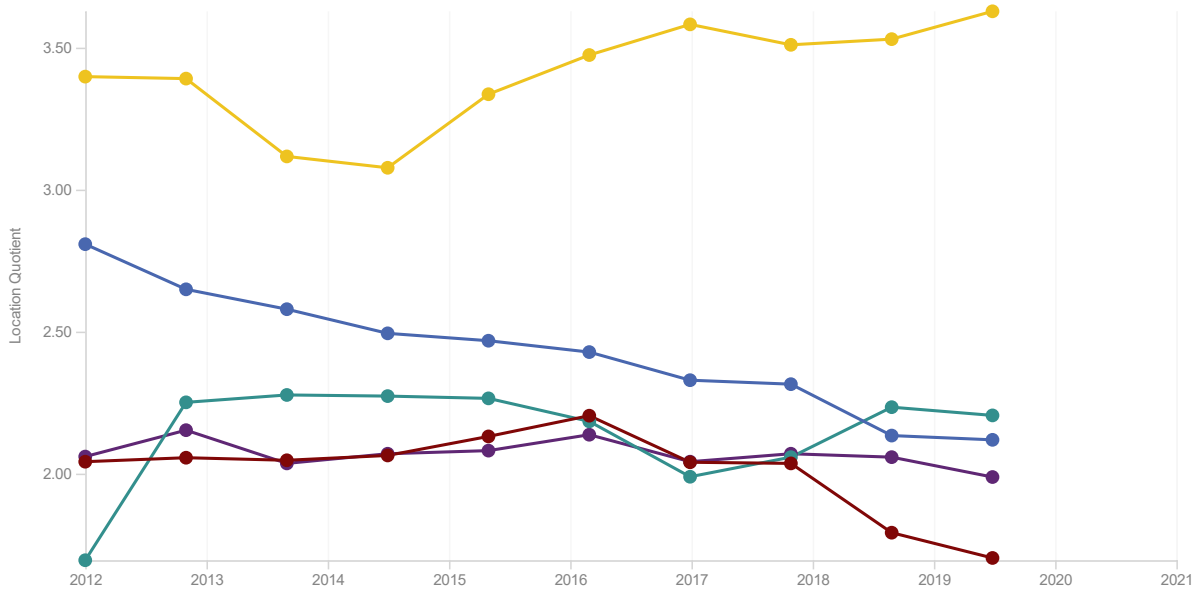

The ACPSA contains detailed data on 35 key industries (https://nasaa-arts.org/nasaa_research/acpsa-industry-key) within the arts and cultural economy. These industries range from core arts and cultural production to industries supporting arts and cultural activities. The bar chart here shows the top five arts and cultural industries in 2021 by Value Added using Location Quotient in Massachusetts.
