

POSITIVE

i detect

another
with me

here

in this
one bed-

room

&

i look in

the in-
window:

a few

children
and a muted

flashlight

—see their
hopeful

little mouths

form around
words

&

prana-

yama:
elder-

berry

syrup:
black beans

& rice:

cool air
the fan:

first few

moments
a hot

shower

&

i am
never

only

one
thing
